SENSATIONAL MODELS TO CHOOSE FROM FOR EVERY RIDING NEED

Whether you're looking for luxurious riding comfort, thrilling sport or lightweight economy — Harley-Davidson has a motorcycle to suit you. The deluxe DUO-GLIDES are unequalled for touring, riding double or putting on miles. For versatile sport riding, on or "off the road," there's an exciting SPORTSTER ready to propel you over highways or whisk you over the trails. And, for *all-around* fun and economy, you can't beat the popular, lightweight HUMMER and MODEL 165. You name it! No matter what your pleasure, Harley-Davidson has the *right set* of wheels for YOU!

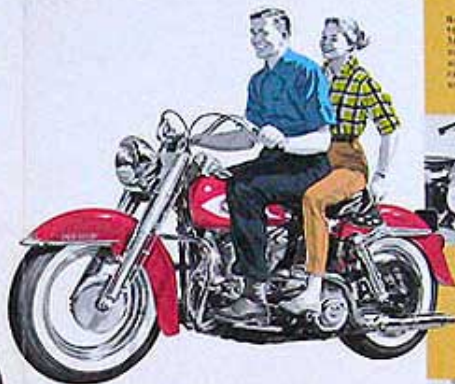

THE JET-STREAM SPORTSTERS

Discover a whole new world of riding pleasure on a '59 modern styled SPORTSTER. Here is a dream come true for the rider who is looking for power and performance all wrapped up into one sweet package.

OFF-THE-ROAD SPORTSTER CH

For 1959, this custom SPORTSTER CH features headlight, tail light, mudflap and horn for riders who want to be way ahead on the road or in the "ruff". All new "H" model SPORTSTERS pack 11% more power!

DELUXE DUO-GLIDES

Here are the champions of the American road, featuring smooth, 3-point suspension—front, back and mid-way. There's comfort for you... comfort for you! Available in the standard FL series or super-powered T1H's.

SPORTSTER AND MODEL 165. All Sportsters and the Model 165 have new, improved speedometer. Mileage and speed is accurately indicated. Ideal for race, outdoor and road riding events.

SPORTSTERS. The stream-lined, road model Sportsters have a new look for '59. A futuristic design headlight on rails and 34 stream front for air while hold new tone to these exciting models.

DUO-GLIDES. No looking for neutral on the Duo-Glide. New! bright green indicator light tells you in a glance whether motorcycle is in neutral or not.

SPORTSTERS. A new 4 position switch in new fuel tank on all road model Sportsters. The easy-to-reach key controls all lighting and ignition, conveniently.

One ride...you'll decide it's HARLEY-DAVIDSON FOR '59

HARLEY-DAVIDSON... the Hit Line for '59... HARLEY-DAVIDSON... the Hit Line for '59

They're as modern as tomorrow... the star-studded Harley-Davidsons for 1959—all dressed up in two-tone styling and a choice of new Hi-Fi colors. The new Sportsters feature an ultra-modern headlight nacelle and front fender. For even more get out and go, the super Sportster H's are loaded with 11% more horsepower! And, the Sportster CH, in addition to more hi-fi, is now equipped with a generator-powered headlight and tail light, plus upswep muffler and hi-flow exhaust for the rider who wants to do himself good—in or "off the road". Take a look at all the sleek '59 Harley-Davidsons... from the smooth-ride Duo-Glides with swinging-arm suspension to the fun-packed, economy Lightweights. See and ride all these exciting models at your Harley-Davidson dealer—today!

LUXURY LIGHTWEIGHT 165

New top-mount speedometer, headlight and front fork panel make the popular "160" even a bigger hit for the Lightweight enthusiast. It packs more punch and performance than any two-wheeler in its class.

ECONOMY LIGHTWEIGHT HUMMER

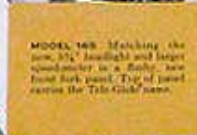

Up to 100 miles in the gallon spells real economy. The HUMMER offers everyone ideal transportation for school... for work... for play! Large lights and hefty brakes make for safe riding—night or day!

SPORTSTER CH. A generator powered sealed beam headlight, new parking lighting for night riding, night rider or general after dark riding events.

SPORTSTER CH. New 41-ounce muffler and Hi-Flow exhaust is ideal for outdoor, mountain and trails. Pipes sweep, low, high and dry, clear rocks and obstructions.

MODEL 165. Matching the new '59' headlight and larger speedometer is a "Baby" new front fork panel. Top of panel carries the "Tilt-Glide" name.

ALL SPORTSTER H's. Fuel 22 acceleration! More go! New Sportster cast design for all "H" models results in greater power efficiency through high lift timing.
