out performance in a complete line of accessories for all riders

the red,
white and
blue dominance

WINTER-WEAR SUITS improvements have been made in the '72 one and two piece suits. For greater warmth, the lining has been increased to a 6.2 oz. weight. The zippers have been beefed up and side zippers lengthened to make for easier entry to pants pockets. For added nite riding safety, the white trim on the jacket and pants is made of scotchlite, which shines in the dark. The pants have been redesigned to a bib style. Suits are made of 100% nylon fabric with positive rainproof K-Kote coating that can be washed or dry cleaned.

- C. #1 HAT**
98007-72V \$ 3.20

sight savers

GOGGLES

A. SUPER V-U GOGGLE Single lens goggle will fit over glasses. Wide vision, automatic venturi ventilation and optically polished amber lens. Extra smoke-brown lens included.

98540-72V Super V-U goggle . . . \$ 4.95

B. SUPER SEE-R GOGGLE — DOUBLE LENS DESIGN Double lens works like a storm window — air space prevents fogging. Polycarbonate impact resistant outer lens. Exclusive air foil draws warm air out of goggle. Amber outer lens — clear inner.

98541-72V Super See-R goggle . . . \$ 5.95

C. RACERS SUPER SEE-R GOGGLE Double lens goggle. Extra eye safety with optical quality polycarbonate inner and outer lens. Two tear-off lenses attached to frame.

98542-72V Racers Super See-R goggle . . . \$10.95

LOUBSOMATIC LENS GOGGLES Loubso-matic Lens goggles give just the right amount of shade. They adapt themselves

automatically to the brightness of the light so that the eyes do not feel the least strain. In dull weather their amber color increases the contrast.

D. 98544-72V QUATRAS senior goggle . . . \$ 4.20

E. 98543-72V SUPER-4 goggle with flip-type lens . . . \$ 5.90

F. RUBBER MASK GOGGLES Complete eye safety and comfort. Soft rubber frame, acetate lenses. Ideal for competition. Vented to prevent fogging. Elastic, adjustable head-band for perfect fit.

98500-52A Rubber mask goggle with clear, amber and smoke lenses \$ 5.30

G. ROVER GOGGLES Truly an inexpensive, lightweight goggle. One piece plastic frame and lenses. Hinged center and chenille contact surface.

98525-63V Rover goggle . . . \$.65

GOGGLE LENSES

the world's fastest motorcycle

Outperformance is a matter of record with Harley-Davidson. On the Bonneville salt flats, Oct. 16, 1970, Harley-Davidson set an absolute world's record for motorcycles . . . 265.492 mph. Just another example of the red, white and blue Number 1 dominance. Harley-Davidson outperformance puts you out front with a full-line of now motorcycles. And keeps you out front with service and accessories wherever you ride.

To the best knowledge of Harley-Davidson Motor Co., Inc., the specifications, descriptions and illustrative material contained herein are accurate as of the date this publication was approved for printing. Harley-Davidson Motor Co., Inc., reserves the right to discontinue models or change specifications or designs at any time without notice and without incurring obligation. All prices subject to change without notice. F.O.B. Milwaukee, Wis., U.S.A. All duties, taxes, and transportation are extra. Printed in U.S.A.

lubricants cleaners paints

"PREMIUM GRADE" Harley-Davidson PREMIUM GRADE motorcycle oil is refined and blended with "advanced additives" for use in four-cycle, air-cooled motorcycle engines and transmissions. This oil has greater resistance to destructive heat, pressure, oxidation and has greater cleansing properties. The oil for the cyclist who wants the "extra" in lubrication and engine protection. Available in two weights: Medium Heavy, Regular Heavy.

"PRE-LUXE" PRE-LUXE motorcycle oil has been the choice of motorcyclists for years. It retains its index weight... does not break down. Exclusive additives keep engine clean and reduce friction to improve the performance and life of all internal components.

Available in three weights: Special Light, Medium, Regular Heavy.

TWO-CYCLE OIL — NOW IN QUART CANS! Compounded specifically for use in two-cycle air-cooled engines. Clean, full bodied, super lubricant. Improves power, retards deposit formations.

RACING OIL This non-detergent oil is blended and refined specifically for racing engines. Instant lubrication at high speeds where heat and pressure are severe. Available in two weights: Medium Heavy for short races, Regular Heavy for long ones.

HI-TEMP GREASE Specially formulated for breaker point rubbing blocks.

99862-72 1/2 Oz. Tube\$.75

CHAIN LUBRICANTS

CHAIN SPRAY Lubricate your chain the easy spray-way. Penetrates quickly, lubricates bushings and pins to add miles to chain life. (12 in Carton)

99870-58 12 Oz. Can\$ 1.10

CHAIN GREASE Specially compounded to stay on at high speeds, giving full penetration at all temperatures. Grease your chain every 500 miles for longer life. (12 in Carton)

99850-51 12 Oz. Can\$.50

CHAIN SAVER Penetrates deep, fast and stays on. Easy to apply with handy spout can. (12 in Carton)

99875-50 1/2 Pint Can\$.90

"premium grade"

direct connection

There's no neater way to get where you're going. On the road or through the country. Baja . . . a 100cc stick of dynamite that blows the big bores off into the weeds. Rapido . . . the 125cc two stroke with a split personality. And Sprint SX, a tough 350cc thumper that hunkers down and pulls when the going gets rough.

BAJA
RAPIDO
SPRINT

supreme gas

The road kings . . . Electra Glide and Super Glide. Smooth, sustained power from the industry's largest production engine. 1200cc's of proven outperformance. On Electra Glide, a hydraulic disc brake up front. Two distinctive machines with a common heritage of the open road.

ELECTRA GLIDE
SUPER GLIDE

parts
service
accessories

Harley-Davidson motorcycles are designed and built by people who really care. The care is a tradition, reflected in the quality motorcycles we sell. It includes more than our motorcycles — a national dealer network which has the means to serve you with this same continuing tradition.

Parts — a computerized system that insures adequate dealer stocks are maintained. Service — a professionally staffed dealer organization with factory trained mechanics. Accessories — a broad line of items to meet your every need. That red, white, and blue signifies a tradition of dominance, in a nation-wide dealer organization of people that care.
