1340 MODELS

PARTS CATALOG

GENERAL INFORMATION

This Parts Catalog has been prepared for your convenience when ordering parts for the 1991 and later 1340cc models. This unique combined format allows you to compare the parts usage on all FLT, FXR, Softail and Dyna model motorcycles. Refer to the Glossary at the end of the book for unfamiliar abbreviations. A complete Hardware Listing is also featured. Wherever possible, parts are shown in assembly breakdown sequence. Index numbers shown in the illustrations correspond to index numbers in parts lists. Consult the illustrations when ordering parts so you are sure to get the part required. Number in parenthesis following description of part is the quantity needed for complete assembly. If there is no number in parenthesis, only one is used. Prices of parts in this catalog are published separately.

The following instructions should be followed carefully when ordering parts:

- The model usage column has a two character code, corresponding to the V.I.N. Model Designation. If the part fits all models "All" will be in the appropriate model usage column. The models classified as FLT, FXR, Softail or Dyna and the two character codes are listed at the bottom of each right hand, odd numbered page.
- Specify the correct part number for each item. Check the model usage column of the parts list which shows the model on which the part fits. Whenever in doubt, refer to the Vehicle Identification Number (V.I.N.). A 17 digit V.I.N. is stamped on the front of the frame and frame right downtube label. An abbreviated V.I.N. is stamped on the left engine crankcase.

Always give one of these numbers when ordering parts or making any inquiry about your motorcycle.

- An asterisk (*) in the "Used On" column indicates part is used thru the current model year.
- Part numbers are to be used when ordering by TELEGRAM or CABLE.
- When ordering parts use our standard Parts & Accessories order form, Part No. 99511-76, for all parts except engines and crankcases. Order form, Part No. 99514-76, must be used for engines and crankcases. The use of these forms will enable us to fill and ship your order more promptly. These forms are furnished free of charge upon request.
- Do not order motorcycles or advertising material on Parts Order Forms. Write nothing on the order form except the order itself, as any other correspondence will not be answered until the order is shipped and billed.
- Freight, Express and Parcel Post orders should be on separate order forms.
- For your own records, number and date all orders, also keep a carbon copy for future reference.

READERS COMMENTS

The Harley-Davidson Technical Communications Department maintains a continuous effort to improve the quality and usefulness of its publications. To do this effectively we need user feedback - your critical evaluation of this manual.

Please comment on this manual's completeness, accuracy, organization, usability and readability.
