

1987 thru 2007 MODEL YEAR ONLY

**AIR DRY PAINTS/
FIBERGLASS & PLASTICS**

This printed copy publication will not be updated with painted part numbers after 2007 model year.

This book is a listing of available and obsolete painted part numbers. Obsolete part numbers are no longer available for order through Harley-Davidson Motor Co. Always confirm availability for all needed painted components when ordering a complete set of painted parts.

GENUINE PRIMED & NON-PRIMED FIBERGLASS AND PLASTIC COMPONENTS AS OF 2008 MODEL YEAR

FLT & FLHT Models

Primed replacement-part Tour-Pak bottoms for '05 and earlier FLT and FLHT models come equipped with the side light wiring harness and reinforcement plate installed. All other hardware must be ordered separately or reused from the original part.

On primed left fairing lowers which are to be installed on 1984 - 1987 FLT/FLHT models, a hole must be drilled to provide clearance for the engine guard's air filler valve.
